1. DESCRIPTION OF THE ISSUANCE PROGRAMME

Articles D. 213-9, 1° and D 213-11 of the French monetary and financial code and Article 6 of the Order of 30 May 2016 and subsequent amendments

1.1	Name of the programme	DIAC, NEU MTN (ID Programme 1466)
1.2	Type of programme	NEU MTN
1.3	Name of the issuer	DIAC
1.4	Type of issuer	Monetary financial Institution // Credit institution, investment firm and CDC under the conditions set out in art. L 213-3.1 of the French Monetary and Financial Code
1.5	Purpose of the programme	General needs of the issuer.
1.6	Programme size (maximum outstanding amount)	1 500 000 000 EUR one billion five hundred million EUR
1.7	Form of the notes	Notes of the programme are issued in bearer form and recorded in the books of authorized intermediaries (book entry system) in accordance with French laws and regulations.
1.8	Yield basis	The remuneration is unrestricted. Benchmark indice(s) : The variable/adjustable rates are indexed to the usual rates of the money markets. Compensation rules(s) : The remuneration of the NEU MTN is unrestricted. However, if the Issuer issues NEU MTN with remuneration linked to an index clause, the Issuer shall only issue NEU MTN with remuneration linked to usual money market indexes such as the Euro zone inter-bank offered rate ("EURIBOR"), €STR, SONIA or SOFR (any such reference rate, a "Benchmark"). At their maturity date, the principal of the NEU MTN shall always equal par. The remuneration of the NEU MTN may be negative depending on the fixed rates or the trend of the usual money market indexes applicable to the calculation of the remuneration. In this case, the amounts actually repaid to the holders of NEU MTNs, after netting negative interest flows, may be less than par. The NEU CP issued under the Programme may also carry one or more embedded option(s) of repurchase before the term (hold by either the Issuer or the holder, or linked to one or several events not related to either the Issuer or the holder). An option of early redemption or repurchase of NEU CP, if any, shall be explicitly specified in the confirmation form of any related issuance of NEU CP. In any case, the Programme does not allow indexation

		formula linked to a credit event. In the case of an issue of NEU MTN embedding an option of early redemption or repurchase, as mentioned in paragraph 1.10 below, the conditions of remuneration of such NEU MTN will be set up when the said NEU MTN will be initially issued and shall not be further modified, including when such an embedded option of early redemption or repurchase will be exercised. If the Issuer issues NEU MTNs whose remuneration is linked to an index or an indexation clause, the Issuer will only issue NEU MTNs whose remuneration is linked to a usual money market index, such as EURIBOR, € STR, SONIA or SOFR and / or any other benchmark interbank interest rate "Benchmark Index". Certain Benchmarks are subject to ongoing national and international regulatory reforms. Some of them are already in force. These reforms may cause a given Benchmark Index to perform differently than in the past, cause it to disappear entirely, or have other consequences that cannot be predicted. Any of these consequences could have a significant unfavorable effect on any NEU MTN indexed on or referring to this Reference Index. If, at any time before or on any date for determining interest, the Issuer determines, acting in good faith and in a commercially reasonable manner, that (1) a Reference Index ceases, is significantly modified or is canceled, or (2) (i) the authorization, registration, recognition, endorsement, equivalence decision or approval regarding the Reference Index or the administrator or sponsor of the Reference is not obtained, (ii) an application for authorization, registration, recognition, approval, equivalence decision or inclusion in any official register is rejected or (iii) any authorization, registration, recognition, approval or equivalence decision is suspended or entry in an official register is withdrawn, the Issuer must, as soon as reasonably possible determine or appoint a determination agent who will determine a replacement rate. The interest rate for the relevant interest period could be determined by reference to a successor rate or an alternative rate, with or without the application of a spread adjustment and other modifications to the terms of the securities, in order to ensure the proper functioning of the successor or replacement benchmark, this without the consent of the holders being required.
1.9	Currencies of issue	Euro or any other currency authorized by applicable laws and regulations in force in France at the time of the issue
1.10	Maturity	The term (maturity date) of the NEU MTN shall be determined in accordance with laws and regulations applicable in France, which imply that, at the date hereof, the term of the NEU MTN shall not be shorter than 1 year (365 days or 366 days in a leap year), from the issue date. The NEU MTN may be redeemed before maturity in accordance with the laws and regulations applicable in France. The NEU MTN issued under the Programme may carry one or more embedded option(s) of the term (hold by either the issuer or the holder or linked to one or several events not related to either the issuer or the holder). The NEU MTN issued under the Programme may also carry one or more embedded option(s) of repurchase before the

		term (hold by either the Issuer or the holder or linked to one or several events not related to either the Issuer or the holder).
1.11	Minimum issuance amount	200 000 EUR or any other amount above the stated value (or equivalent amount in the relevant foreign currency)
1.12	Minimum denomination of the notes	By virtue of regulation (Article D 213-11 of the French monetary and financial code), the legal minimum face value of the commercial paper within the framework of this program is 200 000 euros or the equivalent in the currencies selected at the time of issuance
1.13	Status of the notes	Senior Unsecured Information about the status of the notes : The NEU MTNs will constitute direct, unsecured and unsubordinated obligations of the Issuer ranking at least pari passu with other present and future direct, unsecured and unsubordinated obligations of the Issuer, except those which may be mandatorily preferred by law.
