1.2	Type of programme	NEU CP
1.3	Name of the issuer	DIAC SA
1.4	Type of issuer	Monetary financial Institution // Credit institution, investment firm and CDC under the conditions set out in art. L 213-3.1 of the French Monetary and Financial Code
1.5	Purpose of the programme	General needs of the issuer.
1.6	Programme size (maximum outstanding amount)	1 000 000 000 EUR one billion EUR or any other currency authorized by applicable laws and regulations in force in France at the time of the issue
1.7	Form of the notes	Notes of the programme are issued in bearer form and recorded in the books of authorized intermediaries (book entry system) in accordance with French laws and regulations.
1.8	Yield basis	The remuneration is unrestricted. Benchmark indice(s) : The variable/adjustable rates are indexed to the usual rates of the money and bonds markets. Compensation rules(s) : The remuneration of the NEU CP is unrestricted. However, if the Issuer issues NEU CP with remuneration linked to an index clause, the Issuer shall only issue NEU CP with remuneration linked to usual money market indexes such as the Euro zone interbank offered rate ("EURIBOR"), €STR, SONIA or SOFR (any such reference rate, a "Benchmark"). At their maturity date, the principal of the NEU CP shall always equal par. The remuneration of the NEU CP may be negative depending on the fixed rates or the trend of the usual money market indexes applicable to the calculation of the remuneration. The conditions of remuneration of such NEU CP will be set up when the said NEU CP will be initially issued. In any case, the Programme does not allow indexation formula linked to a credit event. In the case of an issue of NEU CP embedding an option of early redemption or repurchase, as mentioned in paragraph 1.10 below, the conditions of remuneration of such NEU CP will be set up when the said NEU CP will be initially issued and shall not be further modified, including when such an embedded option of early redemption or repurchase will be exercised. If the Issuer issues NEU CPs whose remuneration is linked to an index or an indexation clause, the Issuer will only issue NEU CPs whose remuneration is linked to a usual money market index, such as EURIBOR, € STR, SONIA or SOFR and / or any other benchmark interbank interest rate

		<p>"Benchmark Index". Certain Benchmarks are subject to ongoing national and international regulatory reforms. Some of them are already in force. These reforms may cause a given Benchmark Index to perform differently than in the past, cause it to disappear entirely, or have other consequences that cannot be predicted. Any of these consequences could have a significant unfavorable effect on any NEU CP indexed on or referring to this Reference Index. If, at any time before or on any date for determining interest, the Issuer determines, acting in good faith and in a commercially reasonable manner, that (1) a Reference Index ceases, is significantly modified or is canceled, or (2) (i) the authorization, registration, recognition, endorsement, equivalence decision or approval regarding the Reference Index or the administrator or sponsor of the Reference is not obtained, (ii) an application for authorization, registration, recognition, approval, equivalence decision or inclusion in any official register is rejected or (iii) any authorization, registration, recognition, approval or equivalence decision is suspended or entry in an official register is withdrawn, the Issuer must, as soon as reasonably possible determine or appoint a determination agent who will determine a replacement rate. The interest rate for the relevant interest period could be determined by reference to a successor rate or an alternative rate, with or without the application of a spread adjustment and other modifications to the terms of the securities, in order to ensure the proper functioning of the successor or replacement benchmark, this without the consent of the holders being required.</p>
1.9	Currencies of issue	Euro or any other currency authorized by applicable laws and regulations in force in France at the time of the issue
1.10	Maturity	<p>The term (maturity date) of the NEU CP shall be determined in accordance with laws and regulations applicable in France, which imply that, at the date 3 hereof, the term of the NEU CP shall not be longer than 1 year (365 days or 366 days in a leap year), from the issue date. The NEU CP may be redeemed before maturity in accordance with the laws and regulations applicable in France. The NEU CP issued under the Programme may carry one or more embedded option(s) of the term (hold by either the Issuer or the holder, or linked to one or several events not related to either the Issuer or the holder). The NEU CP issued under the Programme may also carry one or more embedded option(s) of repurchase before the term (hold by either the Issuer or the holder, or linked to one or several events not related to either the Issuer or the holder). An option of early redemption or repurchase of NEU CP, if any, shall be explicitly specified in the confirmation form of any related issuance of NEU CP. In any case, the overall maturity of any NEU CP embedded with one or several of such clauses, shall always - all options of early redemption or repurchase included - conform to laws and regulations in force in France at the time of the issue.</p>
